**Client consultation process and preparation.**

***All consultations will be charged at a flat rate of R390-00 per 30 min.  
R390-00 will be charged at the end of your session and is payable via card or snap scan.***

The consultation process has been designed to touch on call key aspects within the initial developmental stage of the design process. A typical consult last between 20 – 30 min depending on complexity of design. A limit of 5 garments can be discussed per consultation, all of which forms part of a singular collection.

You can expect the consult to assist you with:

- Collection review and design advise
- Fabric advise
- Printing and dye sublimation of fabric
- Sourcing of fabric
- Sourcing of garment labels
- Sourcing of trims
- Sourcing of threads
- A detailed walk through of the Cape Town Pattern design process

**Please prepare for your consult by mailing or brining with:**

- General designs: These can be various images, drawings, mock- up's or excising pattern work or samples.
- Colour pallet or print ideas if applicable- These can be simple jpeg, PDF or drawings if applicable.
- Detail of envisioned trims- Example custom zips, studs or piping
- A brief description of your brand vision in terms of garment fit and fabric.
- A general target market for your brand vision with reference to garment functionality.
- Any additional info an design.

Please note that Cape Town Pattern maker will only advise and give contact info to applicable suppliers. The consult will serve as an info hub to provide clients with contact information and advice to 3<sup>rd</sup> party services. Cape Town Pattern maker does not facilitate any 3<sup>rd</sup> party processes and it is upon the clients onus to investigate on supplied information.
